Tracy Women's Forum Association

Presents

12th Annual Women's Conference

Lt. Consuelo Kickbusch ~ Keynote Speaker

Living a Legacy~ Are you living your legacy? A legacy is not just something a person leaves behind after they die; rather it is the way in which they live their life. Lt Kickbusch inspires and challenges participants to become living legends in their professional and personal lives. Through humor and hard-hitting facts she encourages participants to be servant leaders at work and in their community. Participants learn to live their legacy by leading with their soul.

Live Your Best Life

Survive or... **THRIVE!**
